

INSTRUCTIONS FOR ACCESSING THE MESSAGE BOARD SITE FOR DENTAL LABORATORY TECHNOLOGY

The purpose of the site is to provide a means for posting and sharing laboratory-related information among interested personnel. The site also makes it possible for users to ask questions of interest to the federal services dental laboratory community.

Although the initial login involves several steps, future logins are fast and easy, especially if you ask that your password be remembered (see # 1 below). To access the Dental Laboratory Technology site, set your browser to wwwsam.brooks.af.mil. This will take you to the homepage for the USAF School of Aerospace Medicine at Brooks AFB TX. Click on the "Coffee Shop" image toward the bottom of the page. When the page comes up, do the following:

- 1) Fill out the "Name" and "Password" blocks. Make sure you click on "Remember my Password."
- 2) On the next page, click on "Yes, I am entering as a new user."
- 3) Fill out the required information boxes on the next page and click on "Create."
- 4) On the next page, click on "Go to the Conference Menu."

A list of the various conference topics should now appear, including Dental Laboratory Technology.
